

Periodontal Referral Letter

Referrals are accepted for:

- Stage 2, 3 and 4 Periodontitis and pockets $\geq 6\text{mm}$
- Grade C Periodontitis
- Crown lengthening surgery (single/multiple tooth)
- Recession surgery
- Free gingival grafts
- Resective pocket reduction surgery (including gingivectomy)
- Regenerative surgery
- Peri-implantitis management

Following referral we will contact your patient to arrange a 60 minute consultation where a full history and examination will be completed.

You may wish to inform your patients that this consultation may include periapical radiographs, clinical photographs and Periodontal charting. Patients will be provided a diagnosis of their periodontal condition.

Following this, a treatment letter will be sent to the patient and their referring dentist with a proposed treatment plan. Patients will also receive a fee estimate for treatment proposed.
